

Safety and convenience delivered right to your mailbox

Access to the same medications you get from retail pharmacies, home delivery of up to a 90-day supply and licensed pharmacists who are always just a phone call away — these are just a few reasons to choose the Mail Service Pharmacy.

Here's how it works:

1. Your order enters our automated system.
2. A pharmacist reviews it for medication interactions, allergies and dosage.
3. After your medication is dispensed, another pharmacist reviews it a final time for accuracy.
4. We seal your medication in a discreet, tamper-evident package.
5. We mail your medication to you and notify you when it has been shipped.
